

Art Scavenger Hunt

1. Find five leaves. Bring them home and glue them into a collage. You don't have to keep them whole. (Dry them off first if needed.)
2. Trace cracks in a sidewalk with a marker, bring them inside and add lines to make a drawing.
3. Find a rock that you like for some reason. Make sure it's not too tiny, because you will be completely covering it with chalk. Then leave it somewhere outside where someone will find it. On the edge of a sidewalk or under a park bench are good bets.
4. Go on out and make 4 crayon rubbings, with 4 different colors, on 4 different pieces of paper. Bring them inside, cut them into shapes and make a collage with them.
 - tree bark
 - sidewalk
 - car tire
 - front of house
5. Pick 15 blades of grass. Bring them inside and make a drawing with them by gluing them onto a piece of paper.
6. Make a dirt drawing on a piece of paper. Use your finger or a stick to draw with, and don't forget to bring a little water to mix into the dirt if it's too dry.
7. Go find 5 sticks. Bring them inside and use wire to make a sculpture.
8. Make a quick nature installation sculpture. Take a photo or do a drawing to document it to bring home.
